

LYS Rec-League All-Stars Selection Process Coaches and Players

Coaches Selection Process & Criteria:

Our league officials will begin the formal selection process on May 1, 2026. To ensure we provide the best possible experience for our athletes, determinations will be made based on a comprehensive review of the following:

- Team Performance: Current regular-season standings and records as of May 1.
- On-Field Conduct: Observed interactions with players and sportsmanship during games.
- Umpire Feedback: Feedback gathered from a poll of league umpires regarding professionalism and game management.
- **Availability: Must be available to be in Roswell, NM with the All-Star teams from June 26-28**
- Coaches/Asst. Coaches will be responsible for their travel and lodging expenses.

Player Selection Process:

Only our recreational league coaches will submit their player selections based upon the need for an 11-player All-Star roster.

Each team/coach will submit the set number of players (based upon teams per division) to fill an 11 - player roster. LYS will use a 3-tier voting system to identify the player selections.

- Team players vote, must be a majority vote (Monitored vote by a team parent, the league commissioner for the age group, or league president)
- Team Coaches vote, must be a consensus majority vote between all officially registered team coaches
- 3rd tier vote will include the league board members vote. Should a tie breaker vote be needed in the case the tiers 1 & 2 vote is not able to submit the teams selections, the league board will hold all-star tryouts for the necessary age divisions and teams. The league board will assess those trying out and make a final decision on the selection nominees in question.
- **Availability: Must be available to be in Roswell, NM with the All-Star teams from June 26-28**
- Player parents & guardians will be responsible for their travel and lodging expenses.
- LYS will provide All-Star Jerseys to all players that are selected for an All-Star team.
